INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Conner Creek Academy East

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Conner Creek Academy East as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Conner Creek Academy East's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Conner Creek Academy East, as of June 30, 2021, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

The financial statements for the year ended June 30, 2021 reflect certain prior period adjustments as described in Note 13 of the financial statements. Our opinion is not modified with respect to this matter.

Fax: 248.659.5305

Phone: 248.659.5300 Fax: 248.659.5305

Fax: 561.368.4641

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Conner Creek Academy East's basic financial statements. The combining and individual nonmajor fund financial statements, and schedules of revenues and expenditures, and schedule of expenditures of federal awards as required for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles,* and *Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, schedules of revenues and expenditures, and the schedule of expenditures of federal awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, schedules of revenues and expenditures, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 26, 2021, on our consideration of Conner Creek Academy East's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Conner Creek Academy East's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Conner Creek Academy East's internal control over financial reporting and compliance.

Croskey Lanni, PC

MANAGEMENT'S DISCUSSION AND ANALYSIS

Conner Creek Academy East is a Kindergarten through 12th grade Public School Academy located in Roseville and Warren, Michigan. This Management's Discussion and Analysis, a requirement of GASB 34, is intended to be the Conner Creek Academy East administration's discussion and analysis of the financial results for the fiscal year ended June 30, 2021.

FINANCIAL HIGHLIGHTS OF THE ACADEMY

Table 1 - Basic Financial Information

General Fund Balance Increase/(Decrease)	\$	980,057	\$	213,560
General Fund Balance as Percent of Unrestricted State Aid Revenue	19% 8%		8%	

OVERVIEW OF THE FINANCIAL STATEMENTS

U.S. generally accepted accounting principles (GAAP) according to GASB 34 requires the reporting of two types of financial statements: Academy-wide Financial Statements and Fund Financial Statements.

FUND FINANCIAL STATEMENTS

For the most part, the fund financial statements are comparable to general purpose financial statements. The primary difference is that the Account Groups: General Fixed Assets and General Long-Term Debt are no longer reported. The fund level statements are reported on a modified accrual basis. Only those assets that are "measurable" and "currently available" are reported. Liabilities are recognized to the extent they are normally expected to be paid with current financial resources.

The fund statements are formatted to comply with the legal requirements of the Michigan Department of Education's "Accounting Manual." In the State of Michigan, the Academy's major instruction and instructional support activities are reported in the General Fund. Additional governmental activities are reported in their relevant Special Revenue Funds.

In the fund financial statement, capital assets purchased are reported as expenditures in the year of acquisition. No asset is reported. The issuance of debt is recorded as a financial resource. The current year's payments of principal and interest on long-term obligations are recorded as expenditures. Future year's debt obligations are not recorded.

The academy has one kind of fund:

Governmental fund – Most of the Academy's basic services are included in governmental funds which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Academy's programs. Because this information does not encompass the additional long-term focus of the academy-wide statements, we provide additional information with the governmental funds statement that explains the relationship (or differences) between them.

ACADEMY - WIDE FINANCIAL STATEMENTS

The Academy-wide financial statements are maintained using the "full accrual" basis. They report all of the Academy's assets and liabilities, both short and long term, regardless if they are "currently available" or not. For example, assets that are restricted for use in the Debt Funds solely for the payment of long term principal or interest are grouped with unrestricted assets of the General Fund. Capital assets and long-term obligations of the Academy are reported in the Statement of Net Position of the Academy-wide financial statements.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the Academy's budget for the year. Figure A-1 shows how the various parts of the annual report are arranged and related to one another.

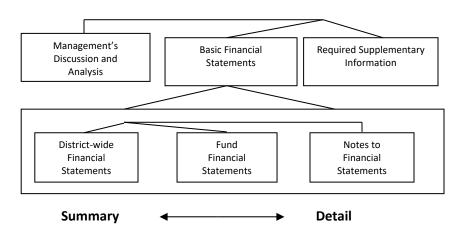

Figure A-1 Organization of Conner Creek Academy East Annual Financial Report

Figure A-2 summarizes the major features of the Academy's financial statements, including the portion of the Academy's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

Total Expenses	 9,251,736	100.00%	9,381,627	100.00%
Change in Net Position	\$ 1,419,006	\$	480,621	

During the fiscal year ended June 30, 2021, the Academy's net position increased by \$1,419,006 as compared to a net increase of \$480,621 in the prior fiscal year. The most significant difference between prior year and current year is the total general fund revenue increase due to the CARES Act federal funds. Additional factors affecting the change in net position during the year are discussed below.

State of Michigan Aid and Other Factors Affecting Revenue

The State of Michigan aid is determined by the following variables:

- Per Student, Foundation Allowance: Annually, the State of Michigan sets the per student foundation allowance. The Conner Creek Academy East foundation allowance was \$8,111.
- Student Enrollment: The Academy's student enrollment for the fall count of 2020-21 was 880.59 students. To calculate total state aid to be provided by the foundation allowance, a system (Section 25) where the funding follows the student was used. This means adjustments were made to the current year fall count when students enrolled or unenrolled until the current year winter count to calculate the adjusted fall count. A blend of 90% of the adjusted current year fall count and 10% of the prior year spring count is multiplied by the Academy's foundation allowance.
- Total Section 25 adjustment was 0.59 FTE or \$4,785.

• The Academy continues to receive federal monies in the way of ESSER Act funding. These funds are to be used to deliver a continued high quality academic program and response to COVID-19. Additional federal funding is available during the 2021-22 and 2022-23 fiscal years.

Subsequent to year end June 30, 2021, preliminary student enrollments for 2021-22 indicate that the 2021 fall student enrollment should remain at 2020-21 levels.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Uniform Budget Act of the State of Michigan requires that the local Board of Directors approve the original budget for the upcoming fiscal year prior to July 1, the start of the fiscal year. Over the course of the year, the Academy revised the annual operating budget two times.

Changes were made in the second and fourth quarters to account for changes in student enrollment, federal funding, and changes in assumptions (e.g. staffing changes, instructional, transportation, food services and community services) since the original budget was adopted.

The Academy's revenues from General Fund operations exceeded expenditures by \$980,056 for the fiscal year ended June 30, 2021.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The Academy's net investment in capital assets decreased by \$291,599 during the fiscal year. This can be summarized as follows:

Table 5 - Capital Assets

	E	Beginning						Ending
		Balance 6/30/20		Additions		Disposals		ance 6/30/21
Non-Depreciable Capital Assets (Land)	\$	4,025,718	\$	-	\$	-	\$	4,025,718
Building and Improvements		10,906,483		-		-		10,906,483
Furniture and Equipment		324,986		-		-		324,986
Computer		36,187		-		-		36,187
Less: Accumulated Depreciation		4,326,770		291,599		-		4,618,369
Net Investment in Capital Assets	\$	10,966,604	\$	(291,599)	\$	-	\$	10,675,005

Depreciation Expense

GASB 34 requires Public School Academies to maintain a record of annual depreciation expense and accumulated depreciation. The net increase in accumulated depreciation expense is a reduction in net assets in the entity wide financial statements. Depreciation is not recognized in the fund financial statements and has been noted as a reconciling item in the Academy's financial statements.

For fiscal year ended June 30, 2021, the net increase in accumulated depreciation was \$291,599.

Depreciation expense is recorded on a straight-line basis over the estimated useful lives of assets. In accordance with U.S. generally accepted accounting principles (GAAP), depreciation expense is recorded based on the original cost of the asset, less an estimated salvage value.

Debt, Principal Payments

A summary of long-term debt service activities is as follows.

Table 6 - Debt, Principal Payments

	Balance 6/30/2020		New Financings		Principal Payments		Balance 6/30/2021	
Revenue Bond	\$ 12,500,000	\$	-	\$	480,000	\$	12,020,000	

ECONOMIC FACTORS BEARING ON THE ACADEMY'S FUTURE

The Preliminary Budget for the 2021-22 Fiscal Year was adopted by the Board of Directors in June 2021. Few definite factors were known as the budget was being drafted, and others were unknown and needed to be projected with management's best estimates based on perceived interest from the community. Some key factors and estimates used in the 2021-22 budget preparation process include:

- The state foundation allowance was projected to be \$8,250 per pupil. The state has now adopted a per pupil allowance of \$8,700 for 2021-22.
- Student enrollment was projected to be 900.

Since the Academy's revenue is heavily dependent on State funding and the health of the State's School Aid Fund, the actual revenue received depends on the State's ability to collect revenues to fund its appropriation to School Districts and Public School Academies. The State periodically holds revenue-estimating conferences to estimate what the State's available resources will be throughout the remainder of its fiscal year. In spite of the current economic uncertainties we remain cautiously confident that the State will find the resources to sufficiently fund current appropriations.

CONTACTING THE ACADEMY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our students, parents and creditors with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. If you have questions about this report or need additional information, contact the Academy's office at 16911 Eastland, Roseville, MI 48066.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2021

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances - Total Governmental Funds

1,021,376

Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation and amortization expense. This is the amount by which capital outlays exceeded depreciation and amortization in the current period.

Depreciation and amortization expense

(291,599)

Revenue is reported in the statement of activities when earned, but not reported in the funds until collected or collectible within 60 days of year end.

207,229

The governmental funds report loan proceeds as an other financing source, while repayment of loan principal is reported as an expenditure. Interest is recognized as an expenditure in the governmental funds when it is due. The net effect of these differences in the treatment of general loan obligations is as follows:

Proceeds from long-term debt

Repayment of Ioan principal

\$ 480,000

Interest expense

2,000

482,000

Change in Net Position of Governmental Activities

\$ 1,419,006

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Conner Creek Academy East (the "Academy") conform to generally accepted accounting principles applicable to public school academies. The following is a summary of the significant accounting policies:

Reporting Entity

Conner Creek Academy East was formed as a public school academy pursuant to the Michigan School Code of 1976, as amended by Act No. 362 of the Public Acts of 1993 and Act No. 416 of the Public Acts of 1994. The Academy filed articles of incorporation as a nonprofit corporation pursuant to the provisions of the Michigan Nonprofit Corporation Act of 1982, as amended, on June 9, 1999, and began operation in July 1999.

In June 2018, the Academy entered into a contract with Ferris State University's Board of Trustees through June 30, 2021 to charter a public school academy. The contract was renewed through June 30, 2023. The contract requires the Academy to act exclusively as a governmental agency and not undertake any action inconsistent with its status as an entity authorized to receive state school aid funds pursuant to the State constitution. The University's Board of Trustees is the fiscal agent for the Academy and is responsible for overseeing the Academy's compliance with the contract and all applicable laws. The Academy pays Ferris State University's Board of Trustees three percent of state aid as administrative fees. Total administrative fees paid for the year ended June 30, 2021 were approximately \$222,100.

In July 2015, the Academy entered into an agreement with CSP Management, Inc., doing business as Partner Solutions – "PS" through June 30, 2018 and renewed in July 2018 through June 30, 2021. Under the terms of this agreement, PS provides a variety of services including payroll, other human resource services, and various business services. The Academy is obligated to pay PS three and a half percent of its gross payroll expenses and a flat fee of \$50,000 for the business services. The total paid for these services amounted to approximately \$219,260 for the year ended June 30, 2021.

As of July 1, 2021, the Academy entered into an agreement that runs coterminous their authorizer agreement, with The Romine Group, Inc ("TRG") to provide a variety of services including payroll, other human resource services and various business services. The Academy will be obligated to pay TRG 9% of State School Aid for the first year and 10% in the second year for these services, beginning in the 2021-2022 school year. There were no payments made to or owed to TRG as of June 30, 2021.

The accompanying financial statements have been prepared in accordance with criteria established by the Governmental Accounting Standards Board for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational or financial relationships with the public school academy. Based on application of criteria, the Academy does not contain component units.

Fund Financial Statements

Fund financial statements report detailed information about the Academy. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED JUNE 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Basis of Presentation - Fund Accounting

The accounts of the Academy are organized on the basis of funds. The operations of a fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenue and expenditures. Government resources are allocated to and accounted for in individual funds based on the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the combined financial statements in this report, into generic fund types in two broad fund categories.

Governmental Funds

A governmental fund is a fund through which most Academy functions typically are financed. The acquisition, use and balances of the Academy's expendable financial resources and the related current liabilities are accounted for through a governmental fund.

General Fund - The general fund is used to record the general operations of the Academy pertaining to education and those operations not provided for in other funds. Included are all transactions related to the approved current operating budget.

Special Revenue Fund (Food Services)- The special revenue fund, which the Academy does not currently maintain, is used to account for the food service program operations. The special revenue fund is a subsidiary operation and is an obligation of the general fund. Therefore, any shortfall in the special revenue fund will be covered by an operating transfer from the general fund.

Special Revenue Fund (Student Activities) – The Academy presently maintains an activity fund to record the transactions of student groups for school and school-related purposes. The student activity fund is a subsidiary operation and is an obligation of the general fund. Therefore, any shortfall in the student activity fund will be covered by an operating transfer from the general fund.

Debt Service Fund - The debt service fund is used to record certain revenue and the payment of interest, principal and other expenditures on long-term debt.

Capital Projects Fund - The capital projects fund, which the Academy does not currently maintain, accounts for financial resources to be used for the acquisition, construction, or improvement of capital facilities.

Governmental and agency funds utilize the modified accrual basis of accounting. Modifications in such method from the accrual basis are as follows:

a. Revenue that is both measurable and available for use to finance operations is recorded as revenue when earned. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Academy considers revenues to be available if they are collected within sixty days of the end of the current fiscal period.

NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED JUNE 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

- b. Payments for inventoriable types of supplies, which are not significant at year end, are recorded as expenditures at the time of purchase.
- c. Principal and interest of general long-term debt are not recorded as expenditures until their due dates.
- d. The State of Michigan utilizes a foundation allowance funding approach, which provides for specific annual amount of revenue per student based on a state-wide formula. The foundation allowance is funded from a combination of state and local sources. Revenue from state sources is primarily governed by the School Aid Act and the School Code of Michigan. The state portion of the foundation is provided from the State's School Aid Fund and is recognized as revenue in accordance with state law. A major portion of the Academy's revenue is derived from this state aid. As such, the Academy is considered to be economically dependent on this aid. The Academy's existence is dependent upon qualification for such aid.

Government-Wide Financial Statements

The government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This approach differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationships between the government-wide statements and the statements for governmental funds.

The government-wide Statement of Activities presents a comparison between expenses and program revenues for each segment of the business-type activities of the Academy and for each governmental program. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. The Academy does not allocate indirect expenses to programs. In creating the government-wide financial statements the Academy has eliminated inter-fund transactions. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or function is self financing or draws from the general revenues of the Academy. When both restricted and unrestricted resources are available for use, it is the Academy's policy to use restricted resources first.

Net position should be reported as restricted when constraints placed on net position's use is either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The Academy first utilizes restricted resources to finance qualifying activities.

Cash and Cash Equivalents

The Academy's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with maturities of three months or less from the date of acquisition. The Academy reports its investments in accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External

NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED JUNE 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Pools and GASB No. 40, Deposit and Investment Risk Disclosures. Under these standards, certain investments are valued at fair value as determined by quoted market prices or by estimated fair values when quoted market prices are not available. The standards also provide that certain investments are valued at cost (or amortized cost) when they are of a short-term duration, the rate of return is fixed, and the Academy intends to hold the investment until maturity. The Academy held investments in mutual funds that invest solely in U.S. Treasury obligations.

The funds are held in trust for debt service and capital projects. State statutes authorize the Academy to invest in bonds and other direct and certain indirect obligations of the U.S. Treasury; certificates of deposit, saving accounts, deposit accounts, and or depository receipts of a bank, savings and loan association, or credit union, which is a member of the Federal Deposit Insurance Corporation, Federal Savings and Loan Corporation or National Credit Union Administration, respectively; in commercial paper rated at the time of purchase within the three highest classifications established by not less than two standard rating services and which matures not more than 270 days after the date of purchase. The Academy is also authorized to invest in U.S. Government or Federal agency obligation repurchase agreements, bankers' acceptances of U.S. banks, and mutual funds composed of investments as outlined above.

Receivables

Receivables at June 30, 2021 consist primarily of state school aid due from the State of Michigan and the federal government. All receivables are expected to be fully collected in July and August of 2021 and are considered current for the purposes of these financial statements.

Prepaid Assets

Payments made to vendors for services that will benefit periods beyond June 30, 2021, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure is reported in the year in which services are consumed.

Capital Assets and Depreciation

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions or retirements during the year. The Academy follows the policy of not capitalizing assets with a useful life of less than one year. The Academy does not possess any infrastructure assets.

All reported capital assets, with the exception of land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Building and improvements Furniture and equipment Computers and software 10 – 50 years

5 – 15 years

3 – 10 years

NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED JUNE 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, the non-current portion of capital leases that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, payments made within sixty days after year-end are considered to have been made with current available financial resources. Other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements until due.

Net Position

Net position represents the difference between assets, deferred outflows and liabilities, and deferred inflows. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the Academy or through external restrictions imposed by creditors, grantors or laws of regulations of other governments.

Fund Equity

The Academy has adopted GASB 54 as part of its fiscal year reporting. The intention of the GASB is to provide a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the Academy's financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on those resources.

GASB 54 provides for two major types of fund balances, which are nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. This category typically includes prepaid items and inventories.

In addition to nonspendable fund balance, GASB 54 has provided a hierarchy of spendable fund balances, based on a hierarchy of spending constraints.

- a. Restricted fund balance amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- b. Committed fund balance amounts constrained to specific purposes by the Board; to be reported as committed, amounts cannot be used for any other purpose unless the Board takes action to remove or change the constraint.
- c. Assigned fund balance amounts the Board intends to use for a specific purpose; intent can be expressed by the Board or by an official or committee to which the Board delegates the authority.
- d. *Unassigned fund balance* amounts that are available for any purpose; these amounts are reported only in the general fund.

NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED JUNE 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

The Academy follows the policy that restricted, committed, or assigned amounts will be considered to have been spent when an expenditure is incurred for purposes for which both unassigned and restricted, committed, or assigned fund balances are available. There are no governmental funds with a deficit.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Upcoming Accounting Pronouncements

In June 2017, the Governmental Accounting Standards Board issued GASB Statement No. 87, *Leases* which improves accounting and financial reporting for leases by governments. This statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based upon the payment provisions of the contact. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The Academy is currently evaluating the impact this standard will have on the financial statements when adopted. The provisions of this statement are effective for the Academy's financial statements for the year ending June 30, 2022.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Annual budgets are adopted on a consistent basis with accounting principles generally accepted in the United States of America and state law for the general fund. All annual appropriations lapse at fiscal year end and encumbrances are not formally recorded.

The budget document presents information by fund and function. The legal level of budgetary control adopted by the governing body is the function level. State law requires the Academy to have its budget in place by July 1. Expenditures in excess of amounts budgeted is a violation of Michigan Law. The Academy is required by law to adopt a general fund budget. During the year ended June 30, 2021 the budget was amended in a legally permissible manner. Comparison of board approved appropriations to actual expenditures is detailed on page 20 of these financial statements.

NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED JUNE 30, 2021

NOTE 3 - DEPOSITS AND INVESTMENTS

As of June 30, 2021, the Academy had the following investments:

Туре	S&P Rating	Maturities	Car	rying Value
Deposits: Demand deposits			\$	658,002
Investments:				
U.S. Treasury and agency obligations	AAAm	Various		1,941,105
Total deposits and investments			\$	2,599,107
The above amounts are reported in the financial statemen	ts as follows:			
Deposits:				
Cash - General fund			\$	636,702
Cash - Special revenue - food services fund				1,155
Cash - Special revenue - student activities fund				20,145
Total deposits				658,002
Investments:				
Investments - Debt service fund				1,941,105
Total deposits and investments			\$	2,599,107

Interest Rate Risk

In accordance with its investment policy, the Academy will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by; structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market; and, investing operating funds primarily in shorter-term securities, liquid asset funds, money market mutual funds, or similar investment pools and limiting the average maturity in accordance with the Academy's cash requirements.

Credit Risk

State law limits investments in commercial paper and corporate bonds to a prime or better rating issued by nationally recognized statistical rating organizations (NRSROs). As of June 30, 2021, the Academy's investments were rated AAAm by Standards & Poor's and Aaa by Moody's Investors Service.

Concentration of Credit Risk

The Academy will minimize concentration of credit risk, which is the risk of loss attributed to the magnitude of the Academy's investment in a single issuer, by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized. More than 5% of the Academy's investments are in pooled investment accounts which represents 100% of the Academy's total investments.

NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED JUNE 30, 2021

NOTE 3 - DEPOSITS AND INVESTMENTS - Continued

Custodial Credit Risk - Deposits

In the case of deposits, this is the risk that in the event of a bank failure, the Academy's deposits may not be returned to it. As of June 30, 2021, \$492,577 of the Academy's cash was exposed to custodial credit risk. All cash balances were uncollateralized as of June 30, 2021.

Custodial Credit Risk - Investments

For an investment, this is the risk that, in the event of the failure of the counterparty, the Academy will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

The Academy will minimize custodial credit risk, which is the risk of loss due to the failure of the security issuer or backer, by; limiting investments to the types of securities allowed by law; and pre-qualifying the financial institutions, broker/dealers, intermediaries and advisors with which the Academy will do business.

Foreign Currency Risk

The Academy is not authorized to invest in investments which have this type of risk.

Fair Value

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- a. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Academy has the ability to access.
- b. Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.
- c. Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The observable inputs should be developed based on the best information available in the circumstances and may include the Academy's own data).

The Academy does not have any investments that are subject to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED JUNE 30, 2021

NOTE 4 – DUE FROM OTHER GOVERNMENTAL UNITS

Amounts due from other governmental units consist of the following:

State sources Federal sources	\$ 1,525,756 424,096
Total	\$ 1,949,852

NOTE 5 - CAPITAL ASSETS

Capital asset activity of the Academy's governmental activities was as follows:

	Balance July 1, 2020		Additions		Disposals		Balance June 30, 2021	
Capital assets not subject to depreciation					1			
Land	\$	4,025,718	\$	-	\$	-	\$	4,025,718
Capital assets subject to depreciation								
Building and improvements		10,906,483		-		-		10,906,483
Furniture and equipment		324,986		-		-		324,986
Computer		36,187						36,187
Sub-total		15,293,374		-		-		15,293,374
Accumulated depreciation								
Building and improvements		3,979,663		289,610		-		4,269,273
Furniture and equipment		310,920		1,989		-		312,909
Computer		36,187		-		-		36,187
Sub-total		4,326,770		291,599				4,618,369
Total net capital assets	\$	10,966,604	\$	(291,599)	\$		\$	10,675,005

Depreciation and amortization expense was not charged to activities as the Academy considers its assets to impact multiple activities and allocation is not practical.

NOTE 8 - LONG-TERM OBLIGATIONS PAYABLE

The following is a summary of long-term obligations for the Academy during the year ended June 30, 2021:

Loan Information

	Interest Rate	Maturity Date	Other				
Revenue bond	5%	June, 2037	Collateralized by a mortgage on the Academy's facility as well as a pledge for 20% of the State school aid payments and funds held in trust for debt service				
<u>Loan Activity</u>	Balance		Retirements	Balance	Due Within		
	July 1, 2020	Additions	and Payments	June 30, 2021	One Year		
Revenue bond	\$ 12,500,000	\$ -	\$ 480,000	\$ 12,020,000	\$ 500,000		

Following are maturities of long-term obligations for principal and interest for the next five years and in total:

	Principal		 nterest
2022	\$	500,000	\$ 622,475
2023		525,000	597,475
2024		560,000	571,225
2025		585,000	543,225
2026		615,000	513,975
2027 - 2031		3,570,000	2,066,363
2032 - 2036		4,595,000	1,029,525
2037		1,070,000	56,175

NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED JUNE 30, 2021

NOTE 9 – OPERATING LEASES

Lease Information

<u>Lease injormation</u>	Maturity Date	Approximate Payment	Other
Facilities	June 2023	\$12,400 monthly	In addition to the monthly lease amount, the Academy shall also pay property taxes passed through from the landlord. The lease automatically renews for five years if not terminated.

The approximate amount of lease obligations coming due during the next two years is as follows:

	 Facilities
2022	\$ 148,800
2023	148,800

Total lease expense included in the statement of activities for the year ended June 30, 2021 amounted to approximately \$189,730.

NOTE 10 - INTERFUND TRANSFERS

During the normal course of the school year the Academy transferred amounts between its funds as follows:

		Special Revenue -						
	Ge	General		Food Services		Debt Service		
Transfer In	\$	-	\$	126,050	\$	1,127,025		
Transfer Out	-	1,253,075		-		-		

As stipulated by the Academy's revenue bond agreement as described in Note 8, the Academy must transfer 20% of its state aid to a trustee. The trustee retains the required portion for debt service and returns the remainder to the Academy. The general fund also subsidizes the Special Revenue Funds' food services activities. These above transactions account for the major activity in the Academy's interfund transfer accounts.

NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED JUNE 30, 2021

NOTE 11 - RISK MANAGEMENT

The Academy is exposed to various risks of loss related to property loss, torts, errors and omissions. The Academy has purchased commercial insurance for all claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

NOTE 12 – CONTINGENCIES

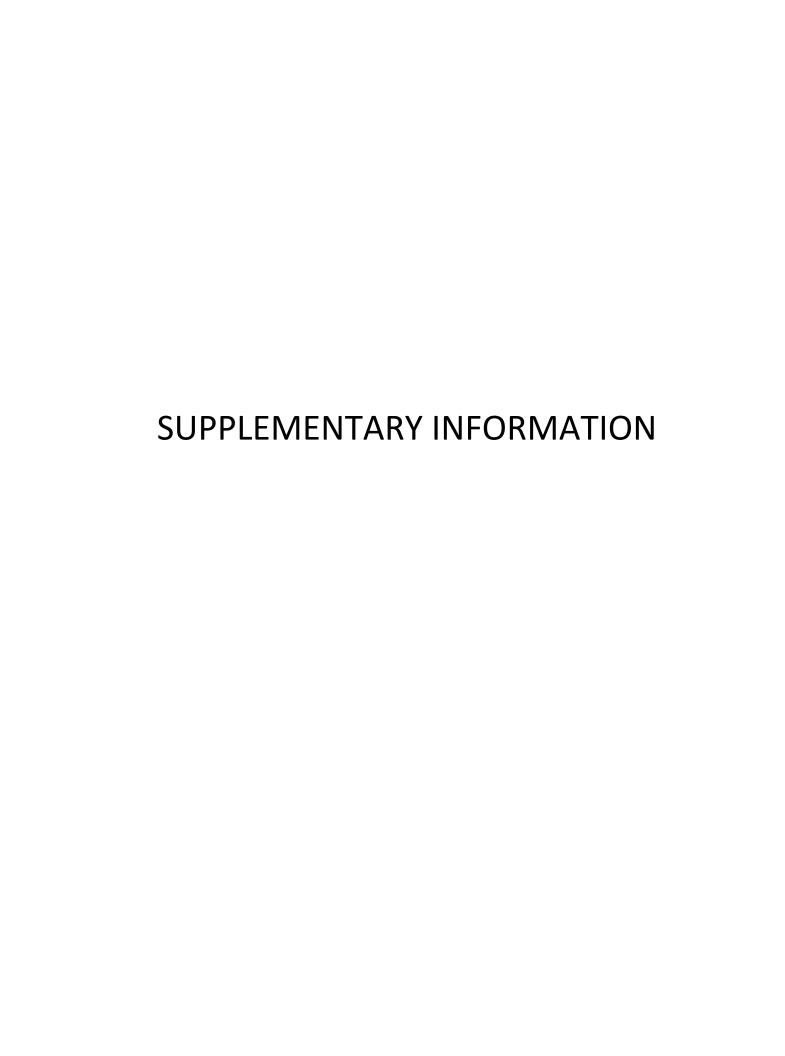

The COVID-19 pandemic that the world is experiencing is unprecedented. It is nearly impossible to fully anticipate the long term effects the impact it will have on the economy and the Academy's operations. As of the date of these financial statements, the Academy continues to evaluate and implement risk mitigation tactics including all aspects of the Academy's activities related to public school education, relationships with local, state, and federal government funding sources, compliance with the requirements of these funding sources and with business transactions with customers, vendors and human interaction within and outside of the Academy.

NOTE 13 – CHANGE IN ACCOUNTING PRINCIPLE AND RESTATEMENT

The Academy implemented Governmental Accounting Standards Board (GASB) Statement No. 84, Fiduciary Activities, for the fiscal year ended June 30, 2021. This statement establishes criteria for identifying fiduciary activities of all state and local governments. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements.

The implementation of GASB 84 had the following effect on net position as reported on June 30, 2020:

	Government Wide		Student Activities Fund	
Net position / Fund balance- July 1, 2020	\$	963,657	\$	-
Prior period adjustment				
To reclassify funds as a result of the implementation of GASB Statement No. 84		21,636		21,636
Net position / Fund balance - July 1, 2020, as restated	\$	985,293	\$	21,636

APPENDIX

Federal Awards Report

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Conner Creek Academy East

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Conner Creek Academy East, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Conner Creek Academy East's basic financial statements, and have issued our report thereon dated October 26, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Conner Creek Academy East's internal control over financial reporting (internal control) as a basis for designing audit the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Conner Creek Academy East's internal control. Accordingly, we do not express an opinion on the effectiveness of Conner Creek Academy East's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Fax: 248.659.5305

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Conner Creek Academy East's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Croskey Lanni, PC

Rochester, Michigan October 26, 2021

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors of Conner Creek Academy

We have audited Conner Creek Academy's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Conner Creek Academy's major federal programs for the year ended June 30, 2021. Conner Creek Academy's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Conner Creek Academy's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Conner Creek Academy's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Conner Creek Academy's compliance.

Opinion on Each Major Federal Program

In our opinion, Conner Creek Academy complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Fax: 248.659.5305

Report on Internal Control over Compliance

Management of Conner Creek Academy is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Conner Creek Academy's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Conner Creek Academy's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2021

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Conner Creek Academy East under programs of the federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Conner Creek Academy East, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Conner Creek Academy East.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE 3 – INDIRECT COST RATE

Conner Creek Academy East has elected to not use the 10-percent *de minimis* indirect cost rate allowed under the Uniform Guidance.

NOTE 4 - NONCASH ASSISTANCE

The value of the noncash assistance received was determined in accordance with the provisions of Uniform Guidance.

NOTE 5 - GRANT AUDITOR REPORT

Management has utilized the Grant Auditor report in preparing the schedule of expenditures of federal awards. Unreconciled differences, if any, have been disclosed to the auditor.
